

Casual Shirts

(Words and music by Joshua Starmer and Brian Risk, copyright 2015)

V1

I went to the mall

F **C**

I went to go shopping

Gmin **Bflat**

I went to buy some clothes that I could wear to work

F **C** **Gmin Gmin/Bflat**

The sign out front

Said the sale's inside

So I went on in to see what I could find

Chorus

Casual shirts

For \$200

The kind you wear untucked when you're all alone

Casual shirts

That need to be ironed

The kind you wear untucked when you can't leave your home

V2

You said we should leave

Head out for the open

We might find what we need somewhere else instead

So we both held hands

And made our way for the door

But the tide was strong and kept us stuck to the floor

Chorus

V3

You smiled at me

You seemed kind of crazy

You said you had plan to get us out of here

So we counted to three

And I followed your motions

And somehow we made it right past the door

Chorus
