

Far and wide

(Words and music by Joshua Starmer, copyright 2015)

I have traveled far and wide

C F G

I have traveled far and wide

C F G

But I wish that I could be with you

C F G

Yes I wish that I could be with you

C F G

In my head I see your face

And in my head I feel your skin

But I'm far away from you

Yes I'm far away from you

I've been searching for my home

I've been searching for my home

But I'll never find it without you

No I'll never find it without you

I have traveled far and wide

I have traveled far and wide

And I wish that I could change your mind

Yes I wish that I could change your mind
